DOCTOR! THIS IS WORTH KNOWING

THE J. C. SCHNOTER SUSPENSORY BANDAGES.—It is a well-known fact that many suspensory bandages on the market are not manufactured on hygienic or correct surgical principles at all. They lack shape, and therefore are useless as a support. Some are made of cheap colored material, causing as a result eczematous scrotal eruption. Some are made, on the other hand, of so thin a material that, after being worn for a day or two, stretch to such an extent as to be perfectly valueless. There is a firm in New York, however, who have for many years made a suspensory bandage WHICH IS A BANDAGE, and which has secured for the firm the endorsement of the medical profession. The house referred to is J. C. SCHNOTER CO., of 523 Sixth avenue, New York City. This Company builds every appliance on true and correct surgical principles, so that it is little wonder that they have attained to the position of confidence already reached"—Canadian Journal of Medicine and Surgery, September 1899.—Ask your druggist for the "GENUINE SCHNOTER'S SUSPENSORY BANDAGES." "COUFFIELD"

CARD SYSTEMS FOR PHYSICIANS

CASE RECORDS.--A system that will enable the busy physician to refer to cases similar to those in hand. Records all the information concerning each patient, including treatment and prescription. Arranged clinically and alphabetically. Very popular with the medical profession.

ACCOUNTS.--Physicians are not bookkeepers. They have not the time or inclination for keeping a full set of books. Our card system obviates all unnecessary labor, and almost operates itself when once started.

OBSTETRICAL RECORDS.--This very important information is recorded to the best possible advantage, and can be referred to instantly.

Send for sample cards, prices, full information and name of local dealer who can supply you.

It is fostered by the Baptist General Convention of Texas. This convention appoints its Directory, which Directory is to supervise all the affairs of the institution.

The officers of the present Directory, are: Rev. R. C. Buckner, D. D., President, Dallas; Rev. Geo. W. Truett, D. D. Secretary, Dallas; Col. C. C. Slaughter, Treasurer, Dallas.

The objects of the institution are thus set forth in Article 4 of its Charter:

"This corporation is organized for the purpose of supporting an educational, benevolent and charitable undertaking, viz.: a Hospital and Sanitarium, to be conducted on the broadest humanitarian principles, uncontrolled by politics, uninfluenced by sectional ambition or strife, and free from all invidious distinction or preference as to political parties or as to religious sects or creeds. This institution shall be open to all reputable physicians and surgeons, and to all reputable Medical Schools."

The Chicago Skin and Cancer Hospital

FOR the purpose of treating Cancers with the **Hall Cancer Cure** which makes the curing of cancers easy and certain without the knife and without leaving a scar to show where they had been, the skin being as perfect after their removal as the rest of the body. In cancers of the throat, tongue, rectum and uterus they are treated by injections into the growth which kills them as perfectly as though you would put something on the root of a tree or plant to kill it. When thoroughly killed they never return. The time required for curing a cancer of not too long standing is from six to eight weeks. All Skin Diseases treated on new lines with success. SEND FOR CIRCULAR.

WE ARE OPENING THIS HOSPITAL FOR THE PURPOSE OF TREATING CANCERS JUST AS STATED, AND ASK THE PHYSICIANS TO CO-OPERATE WITH US BY WRITING US IN REGARD TO CASES OF CANCER THEY MAY HAVE IN THEIR PRACTICE.

KRETOL

Farm and Garden

A great remedy for all kinds of diseases of animals excellent in destroying fleas; renders the skin and fur soft and smooth; prevents insects from destroying trees, fruits or berries; also prevents flies from attacking sores and ulcers on live stock. All Druggists, or The "Kretol" Co. WASHINGTON, D. C.

ASTHMA AND HAY FEVER

Thirty years ago Dr. P. Harold Hayes began preaching from the text that Asthma and Hay-Fever are **NOT** incurable, but will yield absolutely to proper constitutional treatment.

For thirty years he and his Associates in the Buffalo Asthmatics Institute have **SUCCESSFULLY** maintained this position against all comers.

Constitutional medicines, natural to the blood, properly selected, properly compounded, properly administered, will so **CHANGE** the constitution as to eradicate the **CAUSE** of Asthma from the system and **BUILD UP A NEW BODY** free from the disease.

But **SYMPTOM DRUGS** must be **EXCLUDED.**

In making a sharp distinction between Asthma in the Lungs—the effect, and Asthma in the **CONSTITUTION**—the **CAUSE**; in making a correspondingly sharp distinction between **SYMPTOM DRUGS** and **TRUE CONSTITUTIONAL MEDICINES**; in finding out through years of experience and investigation the exact combinations and alternations of generic medicines to change the constitution; and **FINALLY** and **EMPHATICALLY**, in being able to furnish hundreds of **CURED CASES** that **STAY CURED**, to illustrate and prove these principles, **WE HAVE MADE A NEW DEPARTURE.**

Many of the best physicians all over the world are referring their Asthmatic cases to us. Information and literature on request.

Each case is treated by individual prescriptions and advice.

THE HOOVER BREAST PUMP

Will start the flow in the most obstinate cases. It is especially helpful in cases of tender breasts, as any required amount of suction can be obtained. There are no parts to get out of order, no rubber bulb to wear out or split just when it is needed most. The soft rubber tubing connecting the glass part with the Pump is made of the very best grade of rubber and protected by a spring wire.

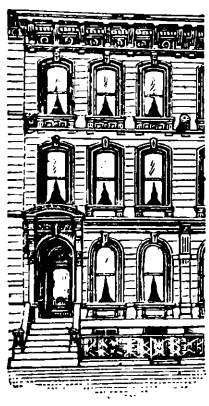
The Treatment of External Cancer



I have made the treatment of External Cancer by topical medication a specialty for twenty-three years. This method of treatment **when properly used** is acknowledged by physicians who have investigated into its merits, to be superior to all other forms of treatment for External Cancer. I arrogate to myself only such superiority in this particular method as I have been privileged to derive from long experience. A limited number of patients can be accommodated in my building. I invite correspondence.

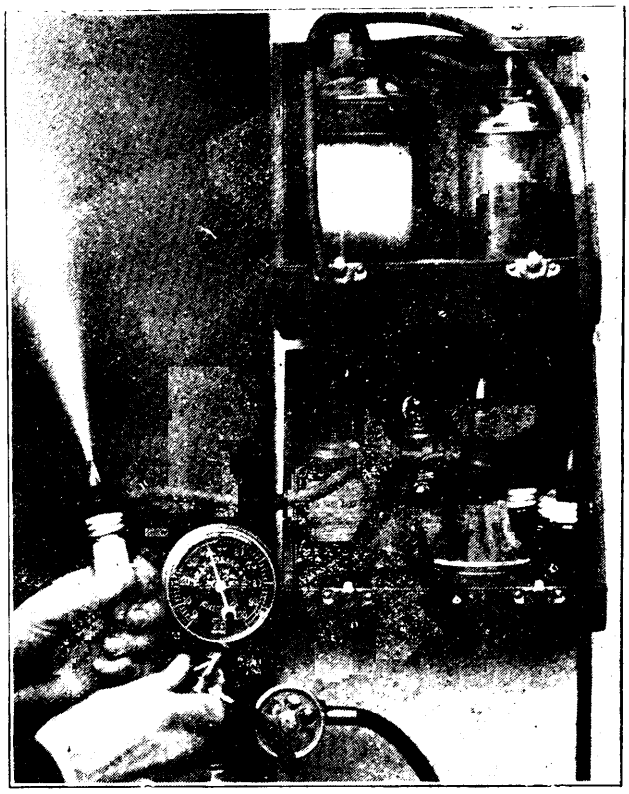
THE VAN NESS VAPOR MEDICATOR AND AMMONIUM CHLORIDE NEBULIZER.



An up-to-date, **portable** and **practical apparatus**, that can be used with or without compressed air.

It is superior to the best Nebulizer, giving **quicker** and **better results**, and is sold at a reasonable price.

With it can be generated a volatile gas heavily charged with absolutely pure **Ammonium Chloride.**

The gas is first passed through a **water bath**, rendering it neutral and **non-irritating**; then through a bath of any medication desired, **converting the oil compounds into a volatile and visible gas.**

The greatest value of Ammonium Chloride is realized when applied direct to the muscous membrane.

The many physicians who are using it say: "It has filled a gap," and is a most **valuable adjunct** in treating diseases of the respiratory tract. **Why?**

Doctor: You will find this to be just what you want.

JUST OUT, A NEW EDITION

OF

Hazzard's Practice of Osteopathy

(THIRD EDITION, REVISED AND ENLARGED)

BY

CHARLES HAZZARD, Ph. B., D. O.,

Author of the "Principles of Osteopathy," Former Professor of the Practice of Osteopathy and of the Principles of Osteopathy, Superintendent of Clinics, etc., American School of Osteopathy, Kirksville, Missouri.

The Standard Text-Book of this Subject.
In Use in all the Osteopathic Colleges....

PART I. Details of the technique of examination and treatment of all parts and organs of the body; full description of all the various lesions and how the same are recognized upon examination; detailed description of the osteopathic method pursued in examination and treatment. The important subject of osteopathic diagnosis is fully and clearly set forth.

PART II. Diseases and their treatment from a strictly osteopathic view-point. A most valuable feature of this portion of the work lies in the consideration of the ANATOMICAL RELATIONS between lesion and disease, constituting a rational and simple explanation, upon anatomical and physiological grounds, of the way lesions affect nerves, nerve-centers, blood-vessels, lymphatics, etc., and cause disease; also how the correction of lesion and the adjustment of mechanical relations cures disease.

HYGIENE, DIET, BATHING, etc., are given their appropriate place in the treatment of disease.

The NEW EDITION contains considerable new matter, many parts have been practically rewritten, and additions have been made to the subject matter throughout. It has been the author's aim to keep his work abreast of the growth of science, and to make it a strictly up-to-date text-book of the subject.

It meets the demand for a compact work, of moderate price, devoted exclusively to osteopathic considerations.

This is a book for practitioner as well as student. No practitioner should be without it.

The Reed School

FOR NERVOUS AND BACKWARD CHILDREN

Makes a Favorab'e Impression on Both Physician and Parent.

Because:—

The **"family physician"** notes the skillful, careful use of the latest means of bringing about the greatest possible mental and physical development of children who require far more individual care and discriminating guidance than can possibly be given in the ordinary public or private school.

The "family physician" notes that the Reed School has secured the unreserved approval of all the leading specialists in the care of children in health and disease who are **personally familiar** with its facilities, its methods and the results which it attains.

The "family physician" notes that this school is not for the exploitation of any "fad" in child training, but is open to the acceptance of the latest developments in its line of work which have received scientific approval.

Because:—

The **parent** notes the truly "homelike" atmosphere which is present, as indicated by the entire absence of anything" institutional."

The parent notes the evident pleasure which the Reed School pupils take in their work.

The parent notes the many unmistakable tokens of the exercise of the tenderest care in the proper development, mentally and physically, of every pupil.

The parent notes the school's proud record, showing the arousing of dormant faculties, the correction of misdirected energies, and in not a few cases the fitting of children to attend regular schools who had formerly been rejected by such schools, on the ground that it was impossible for such children to be taught.

A leading feature of the work is the cure of **stammering** and other forms of defective speech. This work is by no means confined to the nervous and backward, as the Reed method for the cure of stammering is favorably known throughout the country and attracts pupils of all ages, including professional and business men. The premises utilized and the teachers employed are entirely separate from those connected with the school for nervous and backward children.

A perfect dressing for Burned and Scalded Surfaces, rendering prompt relief and affording such assistance to nature that recovery is greatly hastened.

The Institute is pleasantly located, newly furnished and modern throughout.
No restraint or publicity. Information furnished on application.

TYPHOID CHOLERA-INFANTUM DYSENTERY

TABLET-MUTHAL

EXHIBITING

TRIOXYMETHYLENE

(POLYMERIC METHYL ALDEHYDE (H. COH)3)

MOST EFFICIENT OF ALL INTESTINAL ANTISEPTICS

NON-Absorbable NON-Toxic Virtually NON-Astringent

By reason of the slow evolution of Methyl Aldehyde-H. COH (the most potent germicide that Nature has provided for the destruction of micro-organisms) as it traverses the Alimentary Canal, together with its feeble physiologic action and favorable physical properties, Trioxymethylene ranks first as an Intestinal Antiseptic.

Trioxymethylene associated with Hexamethylene-tetramine--Cinnamic Aldehyde and Bismuth Subnitrate, in the form of Tablet Muthal, a readily disintegrating and delicately coated tablet, affords the physician all that can be desired in the treatment of Gastro-Intestinal disease where antiseptic measures are indicated.

DOES NOT ANTAGONIZE NATURE BY STAGNATING THE BOWEL CONTENTS.

Physician's trial order size, bottle of 100, sent on receipt of 75 cents.
Stocked by the wholesale and retail druggist. Marketed in bottles of 100 and 250.

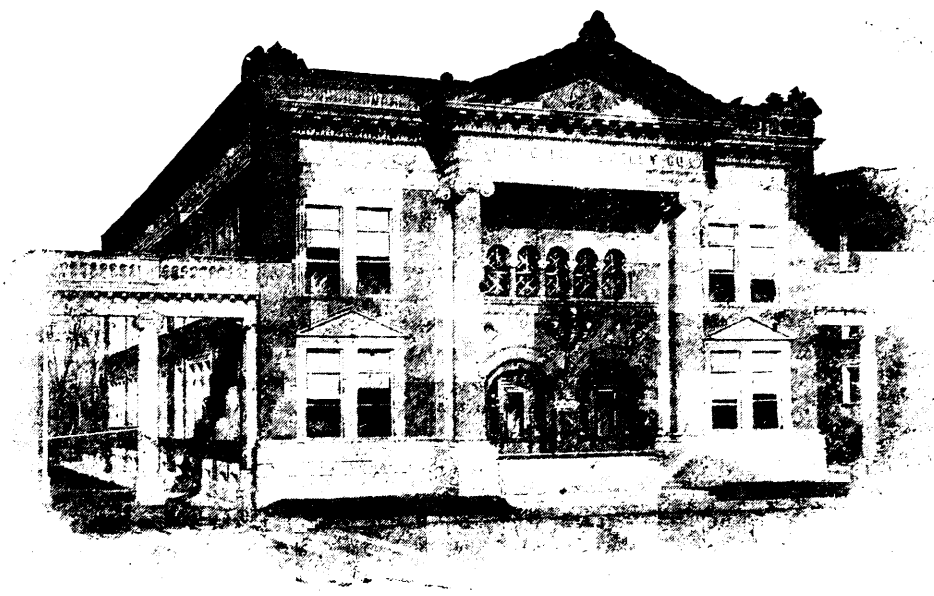
The Keeley Institute

DWIGHT, ILLINOIS



THE PARENT HOUSE OF THE KEELEY INSTITUTE SYSTEM

ESTABLISHED 1880

FOR THE TREATMENT OF ALCOHOLIC INEBRIETY, OPIUM AND ALL OTHER DRUG ADDICTIONS, THE TOBACCO HABIT AND NEURASTHENIA.

By the Keeley system functional inebriety is ALWAYS cured and the appetite entirely removed; this is accomplished by elimination and the toning up of the nervous system. There is no nausea or other sickness, but the general health improves from the time the treatment begins. Entire freedom is accorded and there are no annoying or vexatious restraints.

No claim is made that the organic changes of chronic alcoholism will be remedied. By removing the craving or necessity, however, and proper elimination, the improvement in the general health enables nature in time to repair the damage. The history of the treatment of chronic alcoholics by the Keeley system always shows marked improvement of collateral ailments and often complete restoration.

Every patient receives a thorough clinical examination, and the treatment is adapted in all cases to the peculiar needs of each.

Comprehensive literature free upon application and all correspondence strictly confidential.
